Stan Pines thirty long years and it all led to this. My greatest achievement! I guess I should have put on my pants. (The machine spouts out some fire that hits Stan's shoulder and he pats himself on the shoulder to get rid of the fire) Feisty, (smiles) I like it. (Flips switches, looks at the readings) If I finally take it off, it was all worth it. (Stan sits down in a chair) I just have to keep playing cool; if anyone ever finds out about it... (He's looking at a picture of Dipper and Mabel) I'll take it this far. Who could catch me now? (He pulls on a six-finger glove and pulls a switch labeled Max. Power, which powers the machine, causing a surge of power throughout the city, and we cut down to shot Wendy's sleep and Gideon in his prison cell, noticing the light and opening one eye) Cut to the government base, we see a screen with sound waves. Agent Trigger and Agent Powers sit in front of the screen. Agent Trigger Look There! Here he is again! Agent Powers, we haven't seen this testimony in thirty years. The trigger comes from deep space? (Increased on the screen) Enemy weapon site? (Increases several times) Powers, as I suspected. Lord! We're going to Gravity Falls. The large screen changes slightly to an aerial photograph of Gravitational Falls. Oregon. Cut to the theme song. Stan's alarm wakes him up, he's still in the secret lab. Stan Oh, yes. Showtime. Cut off the mystery shaq. Stan Welcome to the grand re-opening of Mystery Shack! Tourists are rooting for Stan. Stan We are here to celebrate the defeat of this skunk Lee'l Gideon! (Captures the Doll Lee'l Gideon) Tourists Boo! Stan Please please... Boo harder! (gestures) I'm not a he tourists BOO! Stan But I didn't catch that porkchop alone. Now that we have a moment. I was going to ask you to return your diary. Stan Wa? Log? (Search yourself for the magazine, pulling it from under the counter) Oh! (Laughs) You mean that old thing! The bear locks the door, turns the stuffed animal's mabel around, pulls down the screen on the window and turns on his electric lamp. Dipper Mabel, we need to talk. The near-loss of my diary made me realize that I'm halfway through the summer, and still no closer to figuring out the big mysteries of Gravity Falls. Gideon almost destroyed the city to get his hands on this magazine. But why? Who wrote it? Where are all the other magazines? What was Bill talking about when he said things were going to change? There's something huge going on right under our noses. And it's time to stop getting off and get to the bottom of it. Mabel Bro, you looked at this thing like. There's nothing left to discover! Half the pages are empty, remember? Dipper (While flipping the pages of the magazine 3:) I just feel like I'm one piece of the puzzle from figuring everything out. Mabel Don't worry, Dipper! (Raises Waddles) Lord Tyne Ham on the case! (In a British accent, pretending to be Waddles:) I play by my own rules! Wot? Wot? Dipper I do not know why I tell you things ... Can you hear that? Cut the mystery shaq to the parking lot. Parking. Two men get out of the car and look at Shack. Sousse Hey, Mr. Pines, what is the code word I should be shouting when I see a government car? I will not hesitate to use a hose on the elderly! Mabel and Dipper run to Stan while all the customers leave the gift shop. Mabel Grunkle Stan. what's going on? Dipper yes, you'll never close a gift shop. Stan nervously walks in the gift shop, hears a bell at the door and a few knocks after him. Stan (opens the door with a big smile) Welcome to Mystery Shack, gentlemen! What can I give you? (Stan took out a snow globe and a chain of U.F.O keys of his jacket) Key? Snow Globes? These rare photos of American presidents? (Stan pulls a five-million dollar bill out of his sleeve as he begins to sweat) Two men are shown standing in the doorway in front of Stan, showing off their government ID cards. Powers My name is Agent Powers. and this is Agent Trigger, we're here to investigate reports of mysterious activity in this city. Trigger (glasses at Stan) Activity? The mysterious Shaka? You must be joking! Powers assure you that's not true. I was born with a rare disorder that made me physically incapable of experiencing humor. Stan (laughs nervously) Powers I don't understand what sound you make with your mouth. Now, if you'll excuse us, we're investigating. Both men are part of The Mysterious Shaq. Trigger (Pokes Stan Menacingly) Investigation! Wait for the bear! Wait, did you guys say you were investigating the secrets of this town? The powers this information is classified (on your knees down), but yes. Take a look. Between us I believe that there is a conspiracy of paranormal origin all related to this city. We're just one little clue away from blowing the lid of this whole mystery. Are you kidding Dipper? I'm investigating the same thing! I found this magazine in the woods that has almost all the answers. If we work together, we can crack the case! Powers (Checking Agent Trigger) If you have evidence of these claims, (gives Dipper his card), we need to talk. Dipper We could talk right now! Please please, C-Come! I have so much to show you! Stan Hehe, I feel sorry for the agents. The baby has an overactive imagination. And like, the problem with sweating. Mabel (Off-screen:) Haha! Zing! Stan Paranormal Things City is just part. of the gift shop knowledge. Sells more tickets, you know? Soos Podopopopo! Swag! (Sticks What is Mystery Shack? bumper stickers for both agents and puts some funny antennas on their heads) Powers We have other places to investigate. We'll be on our way. Trigger (takes ten Stan bobbleheads) I confiscate this for proof. Agent Powers Smart move. Bear (Run) Wait! No wait! There's so much to talk about! Stan (Stops Dipper) Keep it kiddo. Trust me, the last thing you need Party time, it's the cops. (Closes the vending machine) (Takes a map from Dipper) Dipper) (Gasps) Stan Now as You're a normal kid. Flirt with a girl, or steal a pie from a window sill. (Puts the card in the Smuggling Box and enters the living room) Dipper, but Grankle Stan! You don't understand! Stan, and don't talk to these agents. Dipper Ear! This could have been my big break! Mabel (takes the magazine) Bro, maybe Grunkle Stan is right. We're throwing a party tonight! You can't go one night without looking for aliens, without picking up the dead or something? Dipper, I'm not going to raise the dead. I just need a chance to show these agents my book! Mabel Trust Me Dipper, the only book you'll need today right here: Boop! (Shows him his book Karaoke Songs) Dipper (Holds the book) Mabel I say Cara- you say - ok! (Big Eyes) Wendy (Laughs; Dipper:) Check it out! These black lights make my teeth look scary. It's like a crime scene in my mouth! Come on, you like it. The bear (sighs) It's not fair. Finally, I meet someone who can help me unravel the mysteries of this city, and Stan confiscates their map. Wendy Dude, I probably shouldn't tell you this, but I'm pretty sure Stan's hiding everything in his room. Dipper Uh, if I take Stan's room, I could be in so much trouble. Wendy yes, you're probably right. That's what makes it fun, dummy! (Puts the party hat on the head of the Dipper) Cut to Soos stacking Pi'atas formed as head of Grunkle Stan. Soos Man, I can't wait to break these Sta'atas! Grenda Smash! (Dives into Staniatas, breaking them and the table on which they are) Grenda joined the party! Tyler Cutebiker (Walking past and handing Stan money, looking at his phone and laughing) Tambrey sends me crazy texts! Stan's all over town! And no sign of those pesky agents. Wendy, Dipper. How do these posters go together? (Looks at where Dipper and Wendy were, notices they're gone, and frowns) hmm. Cut the door of Stan's room. A piece of wood nailed to the door reads: STAN'S ROOM. A sign hangs on the nail below as it reads NO MINORS ALLOWED. Dipper's picture with a cross through it and THAT MEANS YOU!, painted on it, is attached to the door. On the door handle is a sign Do not disturb. Wendy, I'm going to keep an eye on Stan. You go rustling through his strange old man's business. Dipper (opens the door and enters Stan's room) Okay, Grunkle Stan. Where did you hide that card? (Opens a box with gold chains for the magazine Old Men and other items) Nothing. (Opens the box with knuckledusters and boxing gloves) Nothing. (Opens breasts containing fully clothed women magazine and Lady Swimwear magazine) Ew! Pretending I've never seen it. There's nothing supernatural about The Gravitational Falls. (The phone hangs) Dipper Yes, there is! After everything that's happened, you need to know that by now. Stan all I know is that your stupid obsession one of these days is leaving us all in trouble. Now go enjoy the rest of the party, because when it's over, you're on the ground. Dipper and Wendy's leaving. Dipper looks angrily at Stan. Stan (Sighs) Cut into a vending machine. Stan enters the code, enters it, and then checks if someone is looking before closing it behind him. (Chuckles) Sorry, helicopters, Powers Kid, I'd love to believe you, but it looks like more garbage from your uncle's gift shop. (Points back) I can't be the only one who thinks it's not funny. A trigger I can confirm. It's real, I swear! You have to send him to the lab. Am I right? Force (Hands Dipper Back Magazine) Your uncle was right about that overactive imagination of yours. Stan beats him and watches as he falls to the ground where a crowd of zombies looks at Shack. More start crawling up the outside walls. Stan, I guess I didn't lie well enough. Mabel What are we doing, what are we doing? Dipper (Walking around the room) Well, usually the magazine will help us, but there's nothing out there about defeating zombies! (It stops with a black light, and it glows in the magazine, revealing the glowing text) It's hopeless! Mabel Wait, Wait! Text! It glows in the black light! Dipper What? (He flips the magazine, with Mabel and Grunkle Stan to watch. Pages covered in previously hidden notes) All the while I thought I knew all the magazine secrets, but they are written in some invisible ink! Stan Invisible Ink? That's it! (Reading:) The zombies have a weakness! Previously thought invincible, their skulls can be destroyed by perfect harmony of three parts. Three parts harmony, how can we create this? I have a naturally high cry ...? Stan, can I make noise with my body? Sometimes intentionally. Mabel Boys, boys. I think you're both missing out on an obvious decision. Cut into zombies outside the boring Mystery Shack. They roam the gift shop when the noise comes from the microphone. Mabel (via microphone:) Hello? Is this thing in touch? The zombies begin to walk outside. Soos walks around the living room. Soos (Notifications TV) Ooh, Gossip Housewives on! (He's sitting there to watch. The zombies are gathering outside. So you have to be careful. I don't know what I'd do to myself if you'd hurt on my watch. I'll let you hold on to that creepy magazine while you promise me you're going to only use it to protect yourself, and you won't be looking for trouble. Dipper Okay, as long as you promise me you have no other secrets about the bomb in this town. Stan (crosses his fingers behind his back) Promise. The bear (crosses his fingers behind his back, a) Promise. Stan Maine, we have a lot of zombie damage to clear. Where's my handyman? Soos Mozgov! Brains! Stan St. Moses!
